1. We are still confused regarding UTILITY's rank in the Bundeswehr reserve. He was a Generalmajor in the Wehrmacht which is equivalent to the United States one star rank. Ref indicates he is now a Lieutenant General (Reserve). Presumably this means he now holds the equivalent of three star rank. Are we correct? If so did he skip the two star equivalent or did we miss out on that phase.

2. We pose the foregoing merely to maintain a correct Headquarters record.

REMARKS

I've talked this over with x Veeck and a few (and checked the others. Apparently, there is no record that UTILITY had any rank whatever in the reserves before - his X'mas cards etc. being "General Major A.D." This rank is equal to Brigade Gen. in present Bundeswehr. Therefore the confusion re his ~~rank~~ recent emergence as a Lt. Gen. Veeck thinks the "promotion" UTILITY got recently really ~~xxx~~ means that he was given a reserve rank for the first time - as a Lt. Gen. Suggest @ HARTWIG might best be able to straighten this out. pdh - who is this?
